FINAL REMINDER!

The United States District Court for the District of Kansas is planning to implement NextGen CM/ECF beginning August 6, 2015 at 5:00 pm. CM/ECF will be unavailable from that time until August 10, 2015 at 8:00 am. The down time will include Friday, August 7, 2015. [Standing Order 15-01](#) has been entered and addresses filings with a deadline or emergency filings while the system is offline.

NextGen CM/ECF includes **Central Sign-On** for attorneys. Central Sign-On is new functionality that will allow you to maintain one account across all courts (district, appellate, and bankruptcy) and to sign in one time to access all courts where you have permission to file (each court must be upgraded to NextGen). The District of Kansas will be the first district court to implement NextGen. After our NextGen implementation in August, your single Central Sign-On account will accommodate you in both roles -- as a CJA and non-CJA attorney.

[Click here](#) and view the **Step-by-Step instructions for CJA Attorneys**

or

visit our website at www.ksd.uscourts.gov and go to **NextGen Info** under the **MOST POPULAR** links.

Please call the clerk's office or the attorney registration line if you have questions.
